

WUF YOUTH SUMMER CAMP 2013

It is the 6th year for the WUF Youth Summer Camp! If your child enjoys the outdoors, learning new skills and making new friends, this is the camp for them! Last year we added a second session. We will have two, one-week sessions again this year. We hope that the additional session will give new campers an opportunity to join the WUF Camp community!

The Details:

The WUF Youth Summer Camp is an overnight camp, providing an opportunity for children to explore the outdoors in a safe, educational and fun environment. Each session will be held from Sunday to Saturday. Both sections are open for new and returning, beginner and advanced campers. Camp is located in Laytonville, CA.

Camper ages range from 8-years old (or entering the 3rd grade, e.g. if your child is 7-years old and entering the 3rd grade in the fall they are eligible) to 14-years old (or exiting the 8th grade).

During the course of each week, campers may participate and complete Hunter Education and Bow Hunter Education.

Camp is fully funded by camp tuition. Tuition per camper is \$400 for WU Members and \$450 for non-members. Included: Camp T-shirt, all meals, activity materials, firearms and ammunition. Transportation may be arranged for an additional cost.

Session 1: June 16 through June 22

Session 2: June 23 through June 29

Junior Counselor (JC) positions are available for high school students. JCs help with the daily tasks during camp, such as assisting with activities and supervising campers. JCs will receive credit for high school graduation volunteer community service hours.

Space is Limited for campers and junior counselors!

What WUF needs to help make camp great: Counselors, Activity Leaders, Camp Help.

Counselors: Are you, or do you know, a college aged person that enjoys the outdoors and working with children? Counselors are the ones that help make camp fun for the campers. They form bonds, play games and keep camp and campers moving. New! Possible paid positions available!

Activity Leaders: Do you have something you would like to share/teach at Camp? Do you have a skill, an activity or just something really cool that you think would be a great addition to the camp? We are always looking to add to the list of activities to offer to campers. Activity Leaders only need to be at camp on the day(s) of their activity.

If you are interested in registering your child or being a Counselor, Junior Counselor or an Activity Leader, please contact us!

For more information about camp, to register your child, sign-up to volunteer or if you have a donation, please contact:

2013 - We need a new ping pong table!

Registration Opens March 11th.

Camp Director, Jenna Perry
